

# RFL Sovereign Edge

Renaissance Field Lite Sovereign Edge

A local-first AI Partner field kit for protected sensor routing, compact model runtime, B.A.S.I.S. capture demos, and tuned lattice installs on

JETSON ORIN EDGE KIT

LOCAL MODEL RUNTIME

PROTECTED SENSOR ROUTING

B.A.S.I.S. FIRST INSTALL

Target stack: Jetson Orin / local worker / sensor adapters

First payload: B.A.S.I.S. capture hub and protected export packets

Compute ask: edge kit now, DGX Spark upstream for tuning lanes

**JETSON**  
Orin edge body

**LOCAL AI**  
private runtime

**SENSOR**  
state router

**FIELD KIT**  
demo packet

NEXT ACTION

**Request demo kit / Jetson edge package**

**One edge backbone**

Local models, protected capture, state packets, and AI Partner shells below Spark/DGX scale.
